Technical features

Structure

Solid wood structure (with springing in elastic straps with high rubber content in the 60x60, 120x60 and round- shaped models). Padding in high resilience polyurethane foam composed of several layers of different densities. Covering in high-weight thermo-bonded fiber coupled with cotton cloth.

Bases

Feet in black plastic material.

Upholstery

The upholstery is available in all the fabrics and leathers of Mussi collection.

Removability

The cover is completely removable by removing the anchoring Velcro. The cover is removable both in the fabric and leather versions.

Warnings

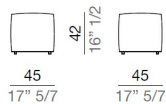

When washing the fabric cover, follow the indications on the product sheet and cover the Velcro parts that could damage the fabric during washing.
