## Technical features

### Structure

Epoxy painted high resistance steel frame structure and steam bent beech wood slats. Bed frame in solid wood and plywood. Padding in high resilience polyurethane foam covered in polyurethane coupled with nylon jersey.

### Upholstery

The upholstery is available in all the fabrics and leathers of Muzzi collection.

### Removability

The cover is completely removable with the help of a special zip that can be opened on the headboard and Velcro on the bed frame.

### Bases

Cylindrical foot in matt black stained wood.

### Maintenance

An innovative system of rollable slats allows easy removal for accurate and easy cleaning.

### Warnings

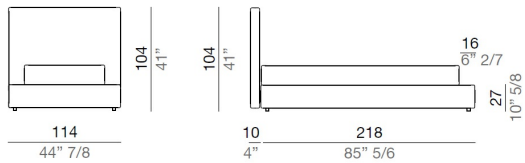

When washing the fabric cover, follow the indications on the product sheet and cover the Velcro parts that could damage the fabric during washing.
