"Comfort meeting the essence of design"

Armchairs

Palco

Designers: **Bruno Rainaldi**

Palco was born as an artistic object, like a living room sculpture created to amaze. The ergonomic seat is designed to offer moments of reflection, comfortable as well as slender, essential as a pure design element. Scenographic and innovative, it catches the eye and becomes the focal point of your spaces.

Technical features

Structure

Solid wengé-stained mahogany structure with polished chromed steel insert. Inserts on the back of the metal armchair covered in leather. Seat structure in metal rod with springing in elastic straps with high rubber content. Padding in high resilience polyurethane foam covered with heat-bonded fiber coupled with nylon jersey.

Sitting comfort

Armchair with surprising comfort thanks to the ergonomic design of the seat that hides comfortable elastic straps inside.

Upholstery

The upholstery is available in all the leathers and fabrics of Mussi collection.

Removability

The armchair cover is completely removable in both fabric and leather versions by opening the special hinges positioned on the back of the seat.

Warnings

When washing the fabric cover, follow the indications on the product sheet.
