A design coffee table, with geometric yet elegant shapes. A sophisticated piece of furniture, which completes and enriches the composition of the living room. The orthogonal lines draw a light-looking cube, embellished by refined marble or granite tops. The place where you can leave a book or a loved object, knowing you'll find it here again next time.

## Technical features

### Structure

Titanium-colored painted tubular steel structure. 2 cm thick marble top.

### Top

2 cm thickness: Carrara marble, Emperador Dark marble, Sahara noir satin marble, Rain Forest Brown marble, Black Matrix granite.

### Bases

Feet in black plastic material.

### Maintenance

To remove dust from marble and granite, simply wipe with a soft dry cloth. In the case of oily or liquid substances, proceed by dabbing immediately with the aid of a soft cloth or absorbent paper. Do not use alcoholic substances, solvents or abrasive products which would irreparably damage the surface.

### Warnings

Marble and granite are natural, for this reason veins and shades of color may vary depending on the slabs extracted. These variations should not be considered defects but a guarantee of authenticity of these materials.
