**Bugatti ha tutte le qualità per essere la protagonista degli spazi home & contract. Lo spessore del cuscino imbottito crea un contrasto elegante con le linee sottili della struttura che sostiene una confortevole seduta rivestita in pelle, ecopelle, tessuto o velluto.**

Bugatti has all the features to be a protagonist in home & contract spaces. The thickness of the padded cushion creates an elegant contrast with the slim lines of the structure, which supports a comfortable seat upholstered in leather, eco-leather, fabric or velvet.
